

Todd Askew

Sawmill Account Coordinator

I started my career with Biewer in 2006. I am a graduate of Michigan State University (Go Green) with a major in Human Resources and Economics, with an emphasis in Business Administration.

In my career at Biewer, I've spent my first five years working in various companies within Biewer. I worked in sales with industrial lumber, treated lumber, and sawmill production. My current focus is Select Cut SPF - dimension and studs. I also sell our midgrade and low-grade material.

For anyone that knows me, I am a dedicated follower of Detroit and Michigan State sports teams. I have two young children so when we aren't watching a game we are in the back yard playing ball or enjoying a hike in the woods. I also enjoy kayaking with my family.
