

Electro-Mechanical Technician – McBain

Biewer Sawmill is filling maintenance positions within the sawmill operations for candidates that are willing to train in various roles, possess problem solving skills, enjoy being a team player, and advance their knowledge of industrial maintenance.

About Biewer...

Biewer is family of companies throughout the Midwest (biewerlumber.com & pinerivergroup.com), manufacturing wood & building products, with 7 locations amongst Michigan, Wisconsin and Illinois that include sawmills, treating & distribution operations.

Accountabilities...

- Perform electrical, mechanical and PLC troubleshooting and repairs of equipment;
- Perform preventative maintenance on equipment;
- Design and fabricate equipment parts;
- Ensure safe work practices, follow safety procedures and complete required safety forms, checklists and permits; and
- Maintain good industrial housekeeping at workstation, work areas and lumber yard.

Qualifications...

- Associate's degree, technical certification or equivalent experience in manufacturing;
- Mechanical skills including knowledge of electrical, pneumatics, hydraulics, welding, fabricating, or strong aptitude to acquire these skills; and
- PLC experience a plus.

Why work here...

Experiencing growth and expansion, Biewer is hiring people who are passionate about what they do every day, have a desire to make a difference and thrive in a team environment. We reward our employees through competitive compensation, comprehensive benefits and wellness, advancement opportunities, and a great place to work!
