

Industrial Maintenance -

Biewer Sawmill in McBain, Michigan is searching for a mechanically inclined Maintenance Technician to service and repair varied equipment throughout the facility for producing the highest quality wood products under the safest and most efficient conditions. This position will provide teamwork and collaboration amongst all employees.

About Biewer -

Biewer Sawmill McBain is part of a family of companies throughout the Midwest (biewerlumber.com & pinerivergroup.com), manufacturing wood & building products, with 7 locations amongst Michigan, Wisconsin and Illinois that include sawmills, treating & distribution operations.

Accountabilities –

- Apply MIOSHA standards and Biewer Safety Policies to safely perform all facets of maintenance, such as utilizing proper PPE, Lock-Out Procedures and Hot Work Permits
- Respond to calls for maintenance assistance from multiple production departments in a timely, efficient manner
- Assess mechanical damage, diagnose problems and repair various types of equipment and vehicles throughout the facility utilizing basic knowledge of hydraulic, pneumatic, torching, welding and electrical principles
- Service equipment and vehicles according to given preventative maintenance schedules
- Observe yard & facility conditions and operator stations for safety hazards and provide suggestions for additional efficiencies or correction of safety hazards when recognized
- Assist with general housekeeping and organization of the maintenance areas and work stations
- Assist in maintaining grounds

Qualifications -

- Solid mechanical aptitude
- 1-2 years of experience with hydraulics, pneumatics, arc or mig welding and oxygen and acetylene torch
- Basic understanding of electrical principles
- Good troubleshooting skills
