

Controller

We know that our continued success depends on our people. Biewer offers an exciting lumber industry career opportunity based in St. Clair, MI to manage the finance and accounting department for parent company and multiple operating companies. The main responsibilities of this role will be to provide information, primarily financial in nature, about company activities that will assist management in making educated economic decisions about the company's current operations, long-term strategies and capital investments.

About Biewer -

We are a family of businesses that operate 7 lumber manufacturing and building products distribution companies throughout the Midwest that include sawmills, treating plants and distribution operations. **Our newest expansion is our Mississippi sawmill under construction with plans to operate in early 2017!** Markets served include the United States and Canada (biewerlumber.com)

Accountabilities –

- Manage the activities of the corporate accounting department for the accurate and timely dissemination of financial information to internal and external stakeholders.
- Establish and maintain a system of internal controls adequate to ensure the protection of corporate assets.
- Respond to CFO as assigned with accurate and timely work to facilitate financial needs.
- Participate in a wide variety of special projects and compile a variety of special reports.
- Conform with and abide by all regulations, policies, work procedures and instructions.
- Provide optimal internal and external communications and teamwork.
- Areas of Responsibility include:

General ledger accounting	Accounts Payable
Financial Reporting (internal and external)	Budgeting (Operating and Capex)
Credit and Accounts Receivable	Bank Account Reconciliation
Payroll Processing and Compliance	Federal and State Income taxes

Qualifications –

- Five (5) years hands-on accounting managerial experience.
- Manufacturing experience or public accounting experience with manufacturing a plus.
- Superior interpersonal skills, verbal and written communication skills.
- Solid analytical and problem solving abilities.
- Ability to maintain ethical, confidential and sensitive material in a highly professional manner.
- Bachelor's degree in Accounting or Finance.
- CPA and/or MBA preferred.
