

Quality Control Inspector

Biewer Sawmill, Inc. is looking to add a Full time Quality Control Inspector to our team in McBain, MI. This position will be responsible for inspecting lumber production to ensure all products meet company and industry specifications. This role plays a critical part in maintaining product consistency, optimizing processes, and supporting a culture of continuous improvement.

Hours: **Monday-Friday 5:00am - 1:00pm**

Accountabilities

Primary responsibilities will include:

- Inspect lumber products throughout various stages of production
- Measure product dimensions and evaluate grade compliance
- Record, track, and report inspection findings
- Identify defects, inconsistencies, and opportunities for improvement
- Collaborate with production teams to resolve quality issues
- Monitor equipment calibration and verify measurement accuracy
- Ensure adherence to safety, environmental, and quality standards
- Assist with audits, process reviews, and corrective action initiatives

Qualifications

- Ability to stand, walk, bend, and lift up to 50 lbs
- Work in varying weather conditions and around heavy machinery
- Use of PPE as required hard hats, safety glasses, hearing protection
- Strong communication and teamwork skills
- Ability to work in a fast-paced, outdoor/industrial environment
- Ability to read measurement tools (calipers, gauges, tape measures, etc.)

Certifications, Education and Experience:

- High School Diploma/GED is Required
- Prior experience in quality control or industrial inspection
- Knowledge of NELMA or softwood lumber grading standards
- Basic computer skills for documentation and reporting
